The Durres-Tirana Railroad line is still awaiting rails, locomotives, and rolling stock which are to come from abroad.

- 2. The Durres-Peqin line is now in operation. The necessary locomotives and rolling stock arrived from Yugoslavia before the break in relations between that country and Albamia.
- There is an automobile repair factory employing approximately 200 men three kilometers from Tirana on the road to Durres.
- 4. A tire repair workshop is located in Durres, employing about 70. It is at present almost idle, owing to a shortage of raw materials.
